File No 157-44- 1897/L

Letter No 29 & 24-8 44 from the Engineer Officer, City Drainage Division, Bloor forwarding for sanction a proposition statement showing the estt required for the City Improvement Trust Board, Bangalore at an extra cost of Rs 2,21,229/30 p m or 26,555 3/5 per annum.

Subject for orders

Ills 12/9. | A scrutiny of the proposition statement which is received from the Comptroller shows that no separate establishment for the Trust Board office has been proposed to be created. It is proposed to merge the existing establishment of the Executive Engineer, Special Drainage Division, Bloor — and the bigger office with the Special Engineer office as it stands. If the existing establishment is taken into consideration, the net increase in expenditure for the year would amount to Rs 26,555 3/5. The Special Drainage Division has been ordered to be continued for a period of three years.

v) 1897/c

on a temporary basis. The pay of the establishment is met out of the estimates sanctioned for the revenue work, which is comprehensive drainage scheme costing about Rs 241 lakhs for the entire city

2) It would therefore be necessary to keep the two offices separate but to merge the representative office of the Engineer officer may be taken as the nucleus of the Trust Board office to come into existence later. In this view, the Engineer officer may be asked to submit revised proposals for the formation of an office - quite distinct from the office of the special division

As the arrangements in this behalf under take time, as the sewerage work entrusted to this office have to progress, the chief Engineer for roads & buildings may be requested to post immediately 2 overseers, 5 sub-overseers & draftsman, some trained from work this office, pending orders on the proposals to be submitted later on 3) for orders

A separate proposition statement would be necessary in respect of the establishment to be sanctioned for the Irrigation Office. This would however take time for the works entrusted to the Engineer Officer have to be carried out expeditiously. A draft letter to the Chief Engineer for Irrigation to place the services of the required officers appears at the disposal of the Engineer Officer is for appl.

Another letter to the Comptroller regarding the services of a staff of the Irrigation Department & 2 accts. clerks may be issued if also proposed for appl.

The Engineer Officer will be required to submit the proposition statement separately for the appl of Govt. The appointments of the Asst Engineer, the overseer & the subordinate would be additional & the cadre of these officers would have to be consequently increased. All these arrangements would take time. Hence the draft proposal may be kept approved.

Additional establishments will have to be finally sanctioned after consulting the Fin Secy

13) Necessary proposals may be submitted accordingly

[illegible] 16-9-49

Now put up the proposals stated above for 17 s

14) A separate proposition statement in respect of the establishment required for the office of the Engineer officer has been put prepared in the Reg office & putting herewith. The total costs including the pay of the Engineer officer comes up to Rs 3194 1/3 per mensem and excluding his pay, the monthly expense for the establishment asked for by him works out to Rs 2571/- p.m. This requires to be scrutinized by the Comptroller.

This is a council matter

The financial Secy may be consulted

[In the meantime, it is for orders if the Chief Engr for Irrigation may not be requested to give some staff to this office to carry on the works, pending sanction to his proposals to the full establishment]

Noted

According to the proposition statement duly verified by the Comptroller (vide para 3) Subject, the average cost of the proposed establishment relating to the

Trust Board, Bangalore, works up to Rs 3198, per mensem

34) The cost of the existing establishment of the city Drainage Division comes to Rs 1905- per mensem, as estimated by the Comptroller In para 32, Supra, the Comptroller has proposed to deduct the entire cost of the existing establishment of the city Drainage Division (i.e. Rs 3198 - 1905) in arriving at the figure 1293 - being the net extra cost per mensem

35) But in accordance with instructions contained in para 11 Supra, only the salary of the Engineer officer has to be excluded in this view, the net extra cost works up to Rs 2529 (3198 - 669) per mensem

36) This is a balanced case

37) The salary of the Engineer officer needed be deducted, as at present his entire pay is met out of the Trust Board funds & has not yet been decided whether if any portion thereof should be debited to the Drainage works of Bangalore

37) Hence the cost may, for the present be assumed to amount to Rs 3198/- the establishment maybe sanctioned, as

of a portion of the ministerial establishment being employed now & the remaining ones as & when necessary

THE CHIEF ENG FOR IRRIGATION
Dt 11/1/45

The information called for by me is not furnished in the letter as far as the execution of the works is concerned the total expenditure that has to be incurred every year has to be well over Rs 5/- lakhs as the cost of establishment is Rs 50,000/- per annum

2 I am of the opinion that the executive staff already sanctioned may be continued with the full office staff asked for

This may further be strengthened as the activity becomes greater –

The Secretary to Government, Law Department, with compliments

From the letter No 72 dated 3-1-45, received from the Engineer officer, the following information is gathered –

1) That the office staff proposed for the Bangalore city Improvement Trust Board, is less than what is existing in the Mysore city Improvement Trust Board office

2) the Engineer officer is agreeable to have the head clerk on Rs 90-6-120, and a Steno-typist on Rs 40-2-50

3) that even though the actual acquisition work is carried out by an outside officer, works relating to detailed valuation, preparation of plans, lay out of sites, etc involving laborious work will have to be done by the Bangalore city Improvement Trust Board

Regarding the Executive Establishment, the

Chief Engineer for Irrigation is of the opinion that staff already sanctioned may be continued. (60) The Financial Department has again to be consulted. Refer paras 40 to 45 supra.

61) Please bring up.

1 Accounts Superintendent (I Grade)

65 The Chief Engineer for Irrigation states that the Executive staff already sanctioned may be continued with the full strength of the office staff asked for

66 The Financial Secretary suggests that the establishment - ministerial and executive - may be on the lines similar to that sanctioned for the Trust Board in Mysore and that the Head clerk may be in grade Rs 90 - 120 and the steno-typist on Rs 40-2-50, that an Accounts Superintendent is unnecessary and that one Accountant, four Accounts clerks and one extra clerk may be sanctioned.

67) Information in regard to the establishment maintained in the Mysore City Improvement Trust Board Office was called for. It is seen that the Mysore Trust Board Office contains 14 hands, against 11 hands proposed for the Bangalore City Improvement Trust Board Office.

68 The city of Bangalore Improvement Trust Board Act has been recently promulgated, and action is being taken to ~~elect~~ constitute the Board of the Trustees After the Board is constituted, there will be a large increase in the work allround and adequate establishment would be necessary to cope up with the work.

69 It has been separately ordered that the works connected with the formation of an Industrial Suburb to the West of Bangalore City, be also entrusted to the City Improvement Trust Board A grant of Rs 8 lakhs has also been ordered to be set apart for the acquisition and other charges in this connection The work to be taken up will be of some magnitude and it is therefore necessary to sanction the full strength of establishment asked for by the Engineer Officer, subject to the modification suggested by the Financial Secretary in regard to the pay of the Head Clerk and the Steno-typist The establishment over and above that now posted may be employed as and when found necessary.

70 The total cost of establishment ~~as shown in the margin~~ would come up to Rs.3,557/- per mensem with the above modifications and it will be met out of the provision of Rs.five lakhs made in the current year's Budget for the Bangalore City Improvement Trust Board This is a case of recurring expenditure This has to be treated as Council matter for orders

Lawsey) for 28/12/44

71 The F.O. may be pleased to move with the enclosing Stage The Trust Board Bill (Constitute)

Soon will have to consider the question & ask for the required establishment

from the Engineer Officer, C.S.T. Board
331 d 1-10-45.

Requests that the tentative offer may be addressed to first two Accounts Clerks, to the Trust Board Office, immediately, as the construction of his claim in the Sanjiger Tank has been entrusted to the Engineer Officer, C.S.T. Board

76) Taking the Accounts establishment sanctioned for the city Drainage Division, there are in all 3 hands as noted below:-

1 Accounts Superintendent — 160-10-250-
2 First grade Clerks — 40-3-70-5-100.

77) Before allowing the full complement of establishment asked for by the Engineer Officer, it is necessary to decide the question about the Amalgamation of the city Drainage Division with the Trust Board, so as to see the extent to which any readjustment in the existing staff would be feasible

Date 18/10
GOVERNMENT OF MYSORE

29/10/22

88) It is convenient to deal with the proposals regarding staff under the following three heads

1 Engineering Section

2 Accounts Section

3 Administrative Section

89) <u>Engineering Section</u>

The extra staff asked for under this head consist of one Asst Engineer 3 overseers, 8 sub overseers, one stock-keeper, one Draftsman one Asst Draftsman and 2 Tracers This is the barest minimum required for immediate needs and may be sanctioned The Asst Engineer, two overseers and 6 sub overseers have joined duty and are working in the Trust Board for some time The Chief Engineer may be kindly requested to post the remaining staff immediately. The work in this section has already fallen into arrears and the delay in the preparation of plans and estimates is hampering the work of the Board

90) <u>Accounts Section</u>

The proposal is that one 1st grade Superintendent and 3 Accounts clerks be posted to the Trust Board in addition to the existing Accounts staff of the Drainage Division I agree with the Financial Secy that no Superintendent is necessary at the present stage of the Board's activities I understand that

the post of the Accountant in the Comptroller's office has been abolished and that all are now Accounts clerks in the revised grade 40-3-70-5-105 I suggest that one senior Trust grade clerk and two other Accounts clerks be sanctioned. One of them will do the work of the Cashier. The Comptroller may be kindly requested to post these officials pending formal sanction

9) Administrative section

The office of the Trust Bd is a new office which has to be built up from scratch. It has to be properly equipped and furnished. Books of reference will have to be purchased and necessary forms and registers got printed. A Trust Board manual has to be completed but before this can be done we have to draft the necessary Rules and Bye-laws. At present we have nothing but the bare Act. The Board wants a Secretary to prepare the agenda and put up notes on the several schemes. The Chairman wants an office Assistant capable of supervising the work of the office and keeping it up to date. He will help him in getting through routine work and correspondence. Some preliminary enquiry for the collection of the necessary data is often necessary for the preparation of plans ~~of~~ and

estimates relating to development schemes, and the Assistant selected must be capable of conducting such a preliminary survey. A Revenue officer with experience of office management would be a suitable choice. I would suggest that the following establishment be sanctioned for the Administrative Section for the time being

1 Office Assistant
1 Head clerk
1 Steno typist
1 Typist
2 Clerks

92) The steno typist in addition to taking down the proceedings of the Board will also act as the clerk of the Board. It will be his business to help the Office Assistant in preparing the agenda and circulating files, papers and notices to the members of the Board. He will also assist the office typist.

93) One of the two clerks will also act as the Record keeper.

94) The office is new and I have asked for nothing but a skeleton establishment. It is therefore necessary that the officials selected for the above posts must be picked men who have already proved their usefulness in other offices. I would

suggest my using given full discretion to select them in consultation with the Revenue Commissioner. In the absence of an incumbent it is impossible to secure desirable officers to man these posts. I would therefore suggest that the men selected be given their grade pay in the depts where they have been plus deputation allowance equal one-fifth of their ~~sal~~ pay. This proposal may be sanctioned tentatively subject to revision at the ~~offe~~ end of the current official year when the office has come into full working order the question of fixing the grade pay of these appointments may be taken up.

95. For the post of the office Assistant I would recommend the appointment of Mr H Ramaraya Iyengar District Sheristadar Deputy Commr's office Bangalore. This officer is now under orders of transfer and has taken leave. He is immediately available and the Revenue Commr has kindly agreed to spare him. 96/6 **Menials**

The number of menials required for the combined office of the Trust Board and the Drainage Div will be as follows -

	Home orderlies	Office
Chairman	3 peons +	1 daffedar 1 peon
Engineer officer	3 " +	1 peon
Assistant Engr Drainage Div	1 " +	1 peon
Asst Engr Trust Bd	1 " +	1 "
For the office		3 "
Cycle orderly		1
For treasury work		1
Watchman		1
~~Sweeper~~ Total	~~1~~ Daffedar	1
	peons	18
	Total	19

97) In the Drainage Division there are 4 peons, of whom two are working in the office and two with the two officers. Before I entered on my duties, the Engineer officer had obtained sanction to the entertainment of 3 peons for the Drainage Board office. Of these, one was working in the office and the remaining two in his house as his home orderlies in addition to the one borne on the Drainage Div Estt. I have no idea as to the number of home orderlies an officer of the status of an Executive Engineer is entitled to. In the above calculation, I have assumed this to be 3. What is the actual number working in the Engineer officer's house. Deducting the four peons belonging to the Drainage Division the extra number of menials thus required is one daffadar and 14 peons. One of the peons will be the cycle orderly with a C A of Re 1/-. I would suggest that the number now asked for be sanctioned.

This file had been given to the Caseworker in charge Raj. Acct with instructions to bring it up for further consideration. But he left it as such when he was transferred from the office as Jt Registrar. As no one else was posted in his place for work in the Branch, the file has remained unattended to for some time

11) Before orders could be passed making the establishment permanent as proposed in the proposition statement, there are certain points which require further clarification as follows :—

1) The pay of the Chairman as shown as Rs 1200 It will have to be altered as Rs 1000/-, as the present Chairman is given only that scale for three years

2) A Judiciary allowance of Rs 50/- p.m. attached to the office Assistant Definite orders are necessary in regard to the grant of this allowance

3) It is seen that out of the seven sections comprising the

establishment of this office, a
departure allowance of 20% of the
pay is proposed to be given to only
five officers who are stated to have
been ~~detailed~~ drafted for work from other
departments, in the administrative branch
this is not recommended in the case
of the officers who are drafted for the
accounts section of the engineering section of
the employees office of the P.W.D.
It would not be fair to give one
kind of treatment to a few officers of
the same office while it is denied
to others placed in similar circumstances
The definite opinion of the Trust Board
in regard to the grant of the said
allowance is necessary before this will be
called for

16. The financial dept has stated in para
16. supra that the grant of 20% of
allowance to the staff of the employees
office will create an inconvenience

precedent. But there is no recommendation made in the record respecting the Accounts section of the Trust Board office.

(iii) According to the prospective statement there are two sets of Engineering Establishment viz (1) the Engineering Establishment of the Trust Board office which might be sanctioned on a permanent basis. (2) the Engineering section belonging to the special Drainage division. The services of the latter were continued for a period of three years in the first instance from 1.8.43 to 31.7.46 & 1.7.43 the period expired on 1.7.46. After the special works connected with the completion Drainage works are completed in the city, there may not be any necessity to continue the establishment on a permanent basis. At any rate it may be continued for a period of two years on a temporary basis for the present; the question of placing it on a permanent basis or otherwise

178) No such allowance is proposed to be given at present to the officials working in the (1) Accounts and (2) Engineering section of the Trust Board office. 193) Although it is more than two years since the Trust Board was formed, orders of Government have not been passed fixing the scale of staff and a proposition statement was called for from the Chairman Then the scale of staff was not definitely fixed at any stage and when no revision of scales was involved it is not clear what purpose the proposition statement would serve I see from para 159 that my predecessor had noted that increases under Engineering Establishment was too much In para 406 the Chief Engineer was of the view that if the annual outlay was 10 lakhs or more, the staff would be justifiable Even this technical opinion about this staff appears to me to be vague But I find that no purpose would be served by further noting and will merely add on to the bulk of the file The Trust Board is now in existence for a sufficiently long period and I think on the basis of the work so far organised and with reference to future plans the staff has to be fixed up without further delay In order to arrive at a quick decision I would suggest an early meeting wherein the Chairman, the Chief Engineer, the Revenue Secretary and the Minister may discuss the whole issue and arrive at a decision regarding the minimum scale of staff to be finally fixed up

A

194) Regarding the deputation allowance, the Chairman in his letter of 1-2-1947 has explained

the whole position So long as the work of the Trust Board has to be carried on by taking services of the officials from other Departments, extra inducement would be necessary and I think there is no objection to allow a deputation allowance of 20% to all such officials without any preferential treatment These allowances would cease as and when the Trust Board is able to secure the staff by direct recruitment through the Public Service Commissioner

195) In the alternative the officials of the administrative Section may be granted the allowance as recommended by the Chairman and the cases of Engineering and Accounts Establishment taken up spearately by placing the matter before the Trust Board

In view of the opinion furnished by the Fnl Secy as at 193-A of the notes, it is for orders of a meeting may not be called for in the first instance in order to fix the minimum scale of staff in the Trust Board

197) In the meanwhile orders may perhaps issue for the continuance

198' The appeals of the Administrative section of the Trust Board may perhaps be given deputation allowance of 20% till such time as the Trust Board is able to secure hands by direct recruitment through the Public Service Commissioner, the grant of such allowance to the staff of the Engineering and Accounts sections being considered later on. This is for orders in view of the remarks of the Final Secy at paras 194 and 195 of the notes above

Sir

With reference to para 3 of this office letter No 2105/46-47 dated the 1st February 1947 re: the continuance of the Engineering Establishment of the Drainage Division on a temporary basis for a further period of two years till the several works for which this Establishment was sanctioned is completed as suggested in para (3) of your letter No L 9974 dated the 15th January 1947, I have the honour to state that this question was considered by the Board at its meeting held on 20-2-47 and the following resolution was passed

"That as the orders of Government were awaited on the proposals for the Establishment of the Trust Board, and as the question of treating the Engineering Establishment of the Drainage Division as on a temporary basis or otherwise was under the consideration of the Board, the Government be requested to authorise the Comptroller to pass the Salary Bills of the Drainage Division Establishment till June 1947 pending receipt of final orders of Government in the matter "

The question as to whether this Establishment should be treated as on a temporary basis or otherwise and if so, for what period, will be further considered by the Board

Subject:- Establishment of the City Improvement Trust Board, Bangalore.

The Act for the improvement of Bangalore City was promulgated in January 1945. After the constitution of the Trust Board in September 1945 for carrying out the provisions of the Act, a regular office has been established consisting of the following sections:

1. The Engineering Establishment of the Trust Board Office;
2. The Accounts Section;
3. The Administrative Section; and
4. The Engineering Establishment of the Drainage Division.

The Chairman of the City Improvement Trust Board has submitted proposals for fixing the strength and pay of the several establishments of the first three sections, as shown in the proposition statement appended, which has been verified by the Auditor, Public Works Department. The proposals involve an expenditure of R.15,759/- per annum.

The Bangalore City Drainage Division is also added on to the Trust Board and in regard to the personnel of this section, the establishment has been entertained on a temporary basis and is being continued from year to year as such. The Chairman promises to submit proposals for its further continuance after consulting the Trust Board on the subject.

4422 Estabrook

As the office was formed newly and as much work had to be got through expeditiously, experienced officials were got transferred from other offices especially to the Administrative Section of the Trust Board Office.

The officials of the Administrative Section are proposed to be given, in addition to their pay, an allowance, as noted below, in view of the recommendation of the Chairman and the resolution passed by the Trust Board in this behalf

1. Office Assistant - A duty allowance of Rs.50/- per mensem
2. Other officials - A deputation allowance at 20 per cent of their pay

The payment of the above allowance will take effect from the date from which they have joined duty in the Office of the Trust Board and will cease as and when the Trust Board is able to secure the staff by direct recruitment through the Public Service Commissioner. The Financial Secretary has no objection to the grant of the allowance as proposed above.

In regard to the payment of such allowance to the officials of the Accounts and Engineering Sections of the office, the Chairman promises to send separate proposals in this behalf.

The Minister for Education and Public Health as Dewan in charge has approved of the above proposal. The file has been ordered to be disposed of by circulation.

Points for orders.—

1. Sanctioning the strength and pay of the establishment of the several sections of the Rangoon City Improvement Trust Board Office as shown in the statement appended.

2. Sanctioning the grant of a compensation allowance at 20 percent of the pay of the officials of the administrative section of the Trust Board Office and of a duty allowance of Rs.50 per mensem to the Office Assistant from the date of their joining duty in the office of the Trust Board.

3. The Administrative Section; and
4. The Engineering Establishment of the Drainage Division.

The Chairman of the City Improvement Trust Board has submitted proposals for fixing the strength and pay of the several establishments of the first three sections, as shown in the proposition statement appended, which has been verified by the Auditor, Public Works Department. The proposals involve an expenditure of Rs.15,759/- per annum.

The Bangalore City Drainage Division is also added on to the Trust Board and in regard to the personnel of this section, the establishment has been entertained on a temporary basis and is being continued from year to year as such. The Chairman promises to submit proposals for its further continuance after consulting the Trust Board on the subject.

As the office was formed newly and as much work had to be got through expeditiously, experienced officials were got transferred from other offices especially to the Administrative Section of the Trust Board Office.

The officials of the Administrative Section are proposed to be given, in addition to their pay, an allowance, as noted below, in view of the recommendation of the Chairman and the resolution passed by the Trust Board in this behalf:

1. Office Assistant - A duty allowance of Rs.50/- per mensem
2. Other officials - A deputation allowance at 20 per cent of their pay

The payment of the above allowance will take effect from the date from which they have joined duty in the Office of the Trust Board and will cease as and when the Trust Board is able to secure the staff by direct recruitment through the Public Service Commissioner. The Financial Secretary has no objection to the grant of the allowance as proposed above.

In regard to the payment of such allowance to the officials of the Accounts and Engineering Sections of the office, the Chairman promises to send separate proposals in this behalf.

The Minister for Education and Public Health as Dewan in charge has approved of the above proposal. The file has been ordered to be disposed of by circulation.

Points for orders are:-

1. Sanctioning the strength and pay of the establishment of the several sections of the Bangalore City Improvement Trust Board Office as shown in the statement appended.

2. Sanctioning the grant of a deputation allowance at 20 percent of the pay of the officials of the administrative section of the Trust Board Office and of a duty allowance of Rs.50 per mensem to the Office Assistant from the date of their joining duty in the office of the Trust Board.

Final Note by the Minister for Education and Public Health

Subject— ESTABLISHMENT OF THE CITY IMPROVEMENT TRUST BOARD BANGALORE

These papers relate to the fixing of the strength and pay of the several establishments of the City Improvement Trust Board, Bangalore After the constitution of the City Improvement Trust Board, Bangalore in September 1945, a regular office has been established consisting of the following sections -

1 The Engineering Establishment,
2 The Accounts Section,
3 The Administrative Section

The Chairman, City Improvement Trust Board has submitted proposals for fixing the strength and pay of the staff of the three Sections referred to above The proposition statement received from the Chairman fixing the strength and pay of these establishments has been verified by the Auditor, Public Works Department and is appended herewith The proposals involve an expenditure of Rs 15,759/- per annum and it is proposed to sanction them

As this office was newly created, and as the services of experienced officials were required for work, officials from other offices were transferred to this office It is proposed to give to the officials of the Administrative Section, in addition to their pay, allowances as noted below -

1) Office Assistant - A Duty Allowance of Rs 50/- per mensem,
2) Other officials - A deputation allowance at 20% of their pay

The payment of the above allowance will take effect from the date on which the officials joined duty in the office of the Trust Board and will cease as and when the Trust Board is able to secure the staff by direct recruitment through the Public Service Commissioner

The question of the grant of such allowance to the officials of the other two sections will be considered after the Chairman sends up proposals as promised by him

The Dewan and the other Ministers in Council have agreed to the above proposals I solicit the gracious approval of His Highness thereto

Proceedings of the Cont. of His Highness the
Maharaja of Mysore.

Order No.L.G.1-C/1.157-41-1

Dated, Bangalore 25th July 1941.

The question of constituting a City Improvement Trust Board for Bangalore City is under the consideration of Government. Bill for constituting the Board was placed before the Representative Assembly at its Session held in June 1941 and approved by that Body. Pending the approval of the Bill by the Legislative Council it was considered necessary that the schemes to be entrusted to the Board in the first instance should be prepared and kept ready for being taken up by the Board on its formation, so that no time may be lost in carrying them out.

2. With this object in view Government consider it necessary to employ an experienced Engineer. They are accordingly pleased to re-employ Mr.Y.Ramachandra, B.A.,C.E., retired Executive Engineer of the Public Works Department as an Engineer for a period of two years on a pay of Rs.500/- with a conveyance allowance of Rs.100/- per mensem. This will be in addition to the pension he would be entitled to under the Mysore Service Regulation.

Sir,

Re Establishment required for the contemplated City Improvement Trust Board of Bangalore City

In pursuance of G O No L 651-6 M1 157-44-1 dated 25-7-44, ordering the preparation of schemes to be entrusted to the Board, I have the honour to propose the establishment detailed in the appended Proposition statement in duplicate for favour of getting the kind sanction of government The existing staff of the City Drainage Division, which forms part of the Board, is already over worked, and is not available for employment on improvement schemes In fact, this Division has not the full establishment needed for its own operations As a new office has to be created, a superintendent of the first grade is necessary for proper organisation and maintenance of accounts

The net extra cost involved is Rs $2,212\frac{29}{30}$ p m or Rs $26,555\frac{3}{5}$ as detailed in the enclosed statement

The work relating to the development of Wilson Garden and Kumara Park Extensions has already been taken over from the Building Range, Bangalore

Early sanction of the establishment is solicited so as to formulate sufficient number of schemes for consideration of the Board

Re - Establishment for the Bangalore City Improvement Trust Board

Sir,

I have the honour to intimate that except the Assistant Engineer and one Overseer no other staff has so far joined duty in this office

The Superintending Engineer, Irrigation Circle, (K R S Works) was requested in this office No 326 dated 6-11-1944 to relieve the two subordinates viz , Mr Venkoba Rao, Overseer and Mr O B Chamanahanumiah, Subover-seer early But he has replied to inform that he has requested the Chief Engineer to keep the orders of transfer of the two subordinates in abeyance in view of the large number of vacancies in his Circle

The officials posted from outside Bangalore are not expected to join duty on account of the difficulty to secure dwelling houses and the costliness of living at Bangalore

I would therefore propose in the interest of work, that the staff required viz , Accounts, Clerical and Executive may be drawn from several local offices and

posted

Sir,

I have the honour to state that as per directions contained in your letter No.L.4655 dated 11th November 1944 addressed to the Comptroller to the Government of Mysore a 1st.Grade Superintendent of this office Mr.K.B.Lakshmi Narasimha Sastry has been posted to work under me and he has reported for duty as already intimated in my letter No.396 dated 24/25-11-1944. In this connection, I wish to invite your kind reference to my letter No.28 dated 23/24th August 1944 forwarding a proposition statement detailing therein the staff required for the office of the Bangalore City Improvement Trust Board. As it is, it has been found very difficult to carry on the work and I therefore request that early ~~order~~ orders of Government may kindly be obtained for the proposals made therein and communicated.

If any delay is apprehended for communicating such sanction

sanction, the following essential staff may be approved to be appointed immediately.

1. Accounts Clerks.	3 in grade	40-3-70-5-100
2. Stono Typist	1 in ~~do-~~	50-5-75

Subj - Establishment required for the Bangalore City Improvt Trust Board

Sir,

With reference to your letter no 29 dated 24-8-44 on the above subject, I am directed to state that the establishment proposed is excessive and is capable of reduction

The establishment to be employed should have some reference to the extent of work that is proposed to be carried out every year and the annual grants required therefor It may therefore be intimated if the establishment (Ministerial and Executive) may not be similar to the establishment employed by the Mysore City Improvt Trust Board which also deals with acquisition cases, also If the Trust Board at B'lore does not deal with acquisition cases, a corresponding reduction in establishment may have to be made

The Head clerk may be in the grade of Rs 90-120.

The Steno-typist may be on Rs 40-2-50. Out of the 5 first grade clerks, one may be an Accountant and the Cell Accounts clerks with 4 Accounts clerks, 3 other clerks are unnecessary and one extra clerk may be sufficient.

3) I am therefore, to request you to kindly forward, in the light of the above observations, your further proposals in regard to the minimum establishment required for the Bangalore City Improvement Trust Board. It may also be stated if the ~~Executive~~ Estate Officer Establishment also deals of remarks

4) Information in regard to the extent of work to be carried out in the Trust Board, every year and the grants required therefor may also be kindly furnished.

Kumara Park Extension

Eastern Extension - The maintenance of roads, construction of culverts, re-aligning and constructing storm water drain and proposals for a few new sites are in progress

Western Extension - Lay-out plan has been prepared for the area, the positions of Main and corss roads have been marked on the ground Levels have been taken to prepare the detailed road estimates. The formation of road with necessary excavation is started on piece-work system and the work is in progress Water-supply, Electric and Drainage Divisions have been written to for giving detailed estimates for respective works to be done in the extension The Commissioner Survey and Settlement has been asked to fix up the boundaries of Government and private lands to institute necessary acquisition proceedings The trees existing in the area are being removed by the Special Officer, Fuel Supplies An abstract estimate for Rs 4,50,000/- has been submitted for sanction in this office No 44 dated 20-12-44

3 Slums Removal

Improvements are being formualted for the old city. The area under investigation at present is bounded by Sultanpet on the North, Arcot Srinivasachar street on the East, The Police road on the South and Shankaradevara Mutt lane on the West Necessary plans and statements with detail measurements for acquisition of properties, for creating streets, conservancy lanes, cattle shelters, Parks and public conveniences such as public lavatories and baths etc., are being done.

I may add that the progress is handicapped in a very great measure as no Executive, Ministerial and drawing branch staff has so far been posted to this office

1) This is not quite correct one Assistant Engineer one Overseer one Sub Overseer one Head draftsman & one Accounts Supt. MR/20-12. have already joined

Sir,

Establishment required for the Bangalore City Improvement Trust Board

---

1 With reference to your letter No L 5955 dated 16th December 1944 offering certain remarks on the above and calling for further proposals, I have the honour to state as follows -

2. In para 1 of the letter it is observed that the establishment to be employed should have some reference to the extent of work that is proposed to be carried out every year and the annual grants provided therefor and it is further suggested that the staff proposed may be similar to the establishment employed by the Mysore City Improvement Trust Board

The actual establishment of the Mysore City Improvement Trust Board and that proposed by me are detailed below for purposes of comparison

Ministerial establishment in Mysore City Improvement Trust Board Office			Ministerial establishment proposed for the Bangalore City Improvement Trust Board		
1	Accountant and Manager (Rs 60-5-100)	1	1	Superintendent I grade (Rs 160-10-250)	1
2	Chief Clerk (60-4-80)	1	2	Accounts' clerks (30-3-60)	4
3	Senior Clerk (50-2-60)	1	3	Head-clerk (50-4-70)	1
4	Clerks (40-2-50)	3	4	Clerks (30-3-45)	4
5	" (25-1-40)	5	5	Typist (50-5-75)	1
6	Despatcher	1			
7	Typist	1			
8	Record-keeper	1			
	Total	14		Total	11

The office staff proposed for the Bangalore City Improvement Trust Board is, if anything, less than what is existing at Mysore

The Old City of Bangalore which is most congested and insanitary has not so far elicited any definite planning of improvements A great deal of thought and labour is needed to present economical and effective schemes for sanction of Government I have just completed a scheme of the kind for the area bounded by Sultanpet, Arcot Srinivasachari Street, Police Road and Shankardevara Mutt Road

It involved eight weekly inspections of mine lasting four hours' each day and 30 days work of an Overseer in the field Preparation of plans and estimates will occupy two weeks for two overseers Similar estimates have to be prepared for the entire city It is r small work as may be judged from the details given above As such, the improvement and modernisation of a big city like Bangalore with its slum areas is a stupendous task involving huge financial commitment and consequently the office staff required to maintain a correct and systematic account of expenditure connected with the vast schemes such as lay out of Extensions, formation of Industrial labour colony, Housing of the poor, slum clearance etc , should be adequate For the remaining six months of the year 1944-45 the grant provided by Government for the Bangalore City Improvement Trust Board is Rs 5,00,000/- In addition, the realisations on account of sale of sites and other properties of the Trust Board which go to form the City Improvement Trust Board Fund will also be available for expenditure on improvement works to be taken up by the Trust Board.

Against the above, the outlay in respect of the following works is expected to be incurred during 1944-45

Sanctioned works.

(a) Balance works transferred from the Bangalore Buildings Division to be completed by the City Improvement Trust Board

1 Kumara Park Extension to the East of M S M Railway line (sanctioned estimate Rs 69.000/-)
2 Wilson garden extensions

(b) Fresh works

1 Construction of a masonry storm water drain in the Kumara Park Extension Bangalore City, sanctioned in G O No L 4376-9/M1 157-49-20 dated 3-11-44	21,000
2 Construction of Model Houses in Wilson Gardens	11,100

Unsanctioned works

1 Formation of Roads and drains in the Western Extension of Kumara Park, submitted to Government in this office No 44 dated 20-12-44	4,50,000
2 Clearing slums in the City (under submission)	2,50,000
3 Constructing compound wall to the burial ground adjoining the Wilson Garden Extension (under submission)	40,000
4 Construction of a masonry drain from Sankey's Reservoir	1,50,000
Total Rs	9,22,100

From the above it could be seen the works proposed to be undertaken by the Bangalore City Improvement Trust Board bear no comparison with the work that is now being done by the Mysore City Improvement Trust Board whose grant for 1944-45 is only Rs 75,000/- and as such the staff proposed by me in this office No 29 dated 24th August 1944 represents, in my opinion, the irreducible minimum staff and if the work in office and at the work spots has to start well and efficiently I feel that the Trust Board should not be handicapped by insufficiency of staff at the very outset

As regards the observation of Government regarding acquisition work, I wish to state that even though actual acquisition work is carried out by an outside Officer whose work begins and ends with giving an award, all detailed valuation, preparation of plans, layout of sites etc , involving laborious work will have to be done by the Trust Board I therefore earnestly request that the staff as proposed by me in this office No 29 dated 24th August 1944 may kindly be sanctioned If, however, as a result of experience the staff is found to be excessive, I will myself take the earliest opportunity to offer retrenchment of staff to the extent necessary

As suggested by you in para 2 of your letter, I am agreeable to have the Head-clerk in grade Rs 90-6-120 and a Steno-typist in grade Rs. 40-2-50

I request that sanction of Government may kindly be obtained to the staff proposed early so that the work of the Trust Board may be started in full swing at an early date

Progress report of works

With reference to your letter No L-6654 dated 5th January 1945 communicating the observations of Government on the above, I have the honour to reply as follows in seriatum

1 The existing staff of the Drainage Division is short by one Sub-overseer and that staff is hardly enough to attend to its own works The Executive staff required for the Trust Board as provided in the proposition statement submitted by me to Government in this office letter No 28 dated 23rd August 1944 is 5 Overseers and 13 Sub-overseers out of whom only one overseer and one Sub-overseer have reported for duty so far This shows that the existing staff bears no comparison to the needs of the situation and hence my submission that the progress is handicapped in a very great measure due to inadequate staff

2 All the hands that have been posted by the Chief Engineer for Irrigation have not yet joined duty and they are reporting here slowly one by one

3 As regards loose stones in some of the roads in Wilson Garden, action has been taken to see that the stones that come up to the surface of the road are being removed I am also arranging to have the roads consolidated with rolling and water

To

The Additional Secretary to the Government of Mysore, Bangalore

Sir

Government having ordered me in their letter No L-650 dated 27-7-45 to execute the Stadium work in Sampangy Tank Bed, I have the honour to state that the work has been taken up and is in progress The work is expected to cost more than a lakh of rupees and being an urgent work it has to be completed before December 1945

The Trust Board Office has no ministerial establishment at present except a Superintendent of the Comptroller's Office With the rapid progress of Stadium work there will be decided increase of work in the office as bills and correspondence connected with the same have to be disposed of with great promptitude I therefore request that the Comptroller to the Government of Mysore may kindly be requested to post two Accounts Clerks immediately in the interest of efficient discharge of office work

At present, the services of the only accounts clerk attached to the Drainage Division are being made use of for Trust Board work to the extent possible But it will not be possible to manage the increased work that is expected to be tackled with the existing staff

I therefore request that pending sanction to the detail establishment proposals submitted by me in this office No 28 dated 24 8 1945 sanction to the posting

P T O

immediately of two Accounts Clerks may kindly be obtained and communicated.

Date February 26, 1946.

GEN & REV SECRETARIAT 6050 28 FEB 1946 G BRANCH.

To

J.B MALLARADHYA, Esq., M A.,
Secretary to the Government of Mysore,
Revenue Department, Bangalore.

Sir,

Referring to the Correspondence ending with your D.O letter No L.5338 dated the 15th December 1945, I have the honour to state that the Revenue Commissioner has posted the following officials to work in the Administrative section of the Board

No.	Name	Designation	Pay in the Department	Reported on
1	Mr H. Ramanuja Iyengar	Office Assistant.	Rs.200 in 150-25/2-200	21st Decr 45.F/N
2	Mr K V Venkataramanan	Head Clerk	Rs 80 in 60-4-80	21st Jan 46 F/N
3	Mr G Vamana Murthi	Stenotypist	Rs 50 in 40-2-50/-	
4	Mr Y Bhima Rao	Typist	Rs 42 in 30-3-60/-	22nd Dec 45 F/N
5	Mr M Krishna Rao	Clerk	Rs 52 in 50-2-60/-	7th Jan 46 A/N
6	Mr K Papanna	Clerk	Rs 40 in 40-2-50/-	

Except Nos.3 & 6, the rest have reported themselves for duty in this office on the dates noted against their names Their pay in the Department where they have their lien is also noted

As called for in Para 2 of the letter, Proposition Statement in duplicate is enclosed In the file referred to me unofficially, Government have accepted my proposal to give to the Office Assistant, a Duty Allowance of Rs.50/-, and to the other officials of the Administrative Section, a Deputation Allowance of 20% of their grade pay from the dates of their joining duty in this office, and this fact has been taken into account in preparing the Proposition Statement

In this connection, I may say that the First Grade Superintendent of the Comptroller's Office posted to this office as per Law Secretary's letter No.L.4655 of 11th November 1944, joined duty here on the 24th November 1944 and continued to work till the end of December 1945, when he was relieved in this office, consequent on the appointment of the Office Assistant, and sent back to the Comptroller's Office. Formal sanction of Government to this arrangement seems to be necessary

The Proposition contained in the Statement involves a net increase of Rs.1,364 per mensem.

The favour of early sanction of Government to these proposals is requested.

I have the honour to be,
Sir,
Your most obedient servant,

K. Sama Rao

Sir,

Establishment of the Trust Board

In continuation of this office letter No. 1136 of 45-46 dated the 26th February 1946, forwarding for the sanction of Government a Proposition Statement in respect of the establishment of the City Improvement Trust Board, Bangalore, providing therein, among others, the pay of the Storekeeper at Rs 30-3-45/- plus C A Rs 5/-, I have the honour to state that the Chief Engineer for Irrigation in Mysore, who was requested to post a Storekeeper against the sanctioned post (vide your D O letter No L 5338 dated the 15th December 1945) has asked me to intimate whether a Storekeeper in grade Rs. 50-4-70 or Rs 70-6-100/- may be posted as these are the grades of pay of Storekeepers of the Public Works Department for special works

As the Board has just commenced its work and as there is no need to have a senior official immediately, I have asked the Chief Engineer to post a Storekeeper of the Junior grade on Rs.50-4-70/- with a C A of Rs 5/- per mensem In view of this, I request, that necessary modification may kindly be caused to be effected to this extent in the Proposition statement already sent to you with my letter of the 26th ultimo. The average increase per month on this account will be Rs.13¾ per month.

Revision of the Scale of the Establishment of the Trust Board

Sir,

With reference to the correspondence and your letter no 1940 dated 27-5-46 on the above subject, I am directed to observe as follows:—

1) In the proposal statement, the pay of the chairman is shown as Rs 1200/- p.m. at present, the pay of this post is fixed at Rs 1000, it might be corrected accordingly

2) Out of the several sections comprised in the office establishment the grant of a deputation allowance of 20% of pay is proposed only in respect of the administrative section on the grounds that they are drawn from the Govt. service. It is seen that in the case of the Accounts section the Engineering section also, appears drawn from the Comptroller's office & this

It would not be fair to give diff. kinds of treatment to the officers who are working under ~~the same~~ similar conditions in the same office. The definite opinion of the Trust Board may kindly be promised in regard to the grant of these allowances to all the officers of the office, irrespective of the staff attached to the Water Ass also of the

3 under the Engineering Establishment, two ~~sections of estabs~~ sections are shown as (1) the Engineering Establishment of the Trust Board office and (2) the Engineering Establishment of the Drainage Division. This latter Establishment was continued on a temporary basis for a period of three years in pursuance of Resolutions 77 & 178 & 42 of the Board adopted on 1 7 46. Although for purposes of execution of drainage works, this establishment has been brought under the control of the Trust Board, the question as to whether it should be continued on a permanent basis from now onwards requires ~~to be cp~~ examination. This is a special establishment employed in connection with the execution of the comprehensive scheme of drainage in the

City. The question as to whether it may not be sufficient to continue it on a temporary basis & for a further period of two years till the special works are completed may be examined, & the definite opinion of the Board formed on the matter. The point as to whether it may be continued for a further period after now or be placed on a permanent basis may be considered at the end of that period. The drainage works to be executed therefrom may be attended to by the permanent establishment of the Trust Board, ~~which may be~~ engaging, in the drainage investigations for the cities, the drainage establishment in the meantime as forming establishment in the proposition statement which may be suitably revised in regard to the proposition & the three papers also to be sent 50-4-70 (vide your office letter no 1276 of 18/3/46) the proposition statement accompanies it herewith

SUBJECT - Revision of the scale of the establishment of the Trust Board.

With reference to the correspondence ending with your letter No.1940 dated 27th May 1946, on the above subject, I am directed to observe as follows :-

(1) In the proposition statement, the pay of the Chairman is shown as Rs.1200/- As at present, the pay of this officer is fixed at Rs.1,000/-, it may be corrected accordingly.

(2) Out of the several sections comprised in the office establishment, the grant of a deputation allowance of 20 per cent of the pay is proposed only in respect of five officials of the administrative section on the ground that they are drafted from other Departments for work in this office. It is seen that in the case of the Accounts Section and the Engineering Section also, officials are drawn from the Comptroller's office and the Public Works Department. It would not be fair to give different kinds of treatment to the officials who are working under similar conditions in one and the same office The definite opinion of the Trust Board may kindly be furnished in regard to the grant of these allowances to all the officials of the office and its necessity therefor and also of the duty allowance to the office Assistants.

(3) Under the Engineering Establishment, two sections are shown i.e.,

(i) The Engineering Establishment of the Trust Board office; and

(ii) The Engineering Establishment of the Drainage Division

This ~~ratio~~ latter establishment was continued on a temporary basis

P.t.o.

for a period of three years in Government Order No.L.2046-50/M. 9042-77 dated 17th August 1943. Its period expired on 1st July 1946. Although, for purposes of execution of Drainage works, this establishment has been brought under the control of the Trust Board, the question as to whether it should be continued on a permanent basis from now alone requires examination. This is a special establishment employed in connection with the executive of the comprehensive scheme of Drainage in the City The question as to whether it may not be sufficient to continue it on a temporary basis for the present for a further period of two years till the special works are completed may be examined, and the definite opinion of the Board furnished in the matter. The point as to whether it may be continued for a further period afterwards or to place it on a permanent basis may be considered at the end of that period. The Drainage work to be executed thereafter may be attended to by the permanent Engineering Establishment of the Trust Board In the circumstances, the Drainage Division may be shown as temporary establishment in the proposition statement, which may be suitably revised in regard to the pay of the Store-keeper also to Rs.50-4-70 (vide your office letter No.1276 dated 18th March 1946)

Sir

Revision of the scale of the Establishment of the City Improvement Trust Board, Bangalore.

Adverting to the correspondence ending with your letter No.L.9974 dated the 15th instant returning with some observations the proposition statement sent by this office, I have the honour to state as follows -

1. As the present Chairman's pay is fixed at Rs. 1,000/- [illegible] sition statement.

2. With regard to your observation that out of several sections comprised in the office establishment, the grant of a deputation allowance is proposed only in respect of five officials of the Administrative Section on the ground that they were drafted for work in this office from other Departments and that it would not be fair to give different kinds of treatment to the officials who are working under similar conditions, etc , I have the honour to forward herewith for the information of Government. a copy of Note dated the 30th March 1946 left by my predecessor Mr. K. Subba Rao, which explains the circumstances under which proposals were submitted by him to Government for the grant of a Duty Allowance to the Office Assistant and a Deputation Allowance to the other

officials of the Administrative Section. It is clear therefrom that it is not on the ground that these officials were drafted for work in this office from other Departments, that a Deputation Allowance was proposed to be given to them as observed by you. But. it was on the ground that capable and experienced officials were required for the Administrative Section that was to be created for organizing the new office where the work had to be started afresh, that raw recruits would be of no use for this kind of work, that a careful selection of officials had to be made for the purpose, and that as an incentive to those officials selected, agreeing to come to a new office, a recommendation was made by the previous Chairman that the Office Assistant should be given a Duty Allowance of Rs.50/- and the other officials a Deputation Allowance of 20% of their grade pay. These proposals are seen to have been accepted by Government in an un-official note referred to Mr. Subba Rao for opinion I may further invite reference in this connection to Para 2 of this office letter No.1136 of 45-46, dated the 26th February 1946 wherein also the acceptance of the proposals by the Government in the Un-official Note mentioned above is referred to by the previous Chairman Since I have no copy of this note in the office, I am not in a position to give further details in the matter. It is available in the Secretariat and it may kindly be referred to if necessary. Proposition Statement was prepared on this basis and submitted to Government with this office letter of 26th February 1946

referred to above as desired in your D.O.letter No.L.5338, dated the 15th December 1945

It is also clear from the previous Chairman's Note that at the time he took charge of the office as Chairman, there were already the officials of the Accounts and Engineering Sections working and the question of recommending any allowance to them never arose It is not the intention that the officials of other Departments who are working in this office since 1944, even before the constitution of the Board should not be given similar allowances proposed for the officials of the Administrative Section, if the Government so wish to give But, bringing in this fresh issue and linking it up with the original proposals at this stage, would, I am afraid, complicate the entire question and the whole thing would get further delayed. This question may be considered separately, the opinion of the Board obtained and necessary orders passed in due course.

Since the grant of the allowances to the officials of the Administrative Section was a condition precedent to their recruitment to this office and since this has been approved by the Board already at its meeting on 30th March 1946, and accepted by Government also, formal orders of Government may kindly be obtained and communicated without further delay. These officials reported themselves for duty in this office more than a year ago, and it is not fair that they should be kept in suspense indefinitely without granting the allowances promised to them

Moreover, It is ascertained that all these officials except Mr. M Krishna Rao, were getting allowances of some kind or the other in the previous offices in which they were working as detailed in the margin By their coming to this new office, they stand to lose, if the Deputation Allowance promised is not given to them. If they are permitted to revert and sent back to their original offices by reason of denial of the allowances to them, they may not get their original posts carrying the allowances they were getting, at this distance of time, as they must have been filled up otherwise long ago In the event of their reversion, it may also be difficult for us to get competent substitutes on their own pay, as the present officials were selected after careful consideration by the previous Chairman in consultation with the Revenue Commissioner In these circumstances, I request that early sanction of Government may kindly be obtained to the grant of the allowances to these officials from the date of their joining duty in this office as already recommended.

1 Mr. K.V.Venkataramanan, Head Clerk, was in addition to his pay getting an allowance of Rs.10/- as Judicial Head Munshi of the District Magistrate's Court, Bangalore for the additional work connected with the Court of Justice of the Peace, entrusted to him.

2. Mr. G. Vamana Murthy, Stenotypist, was in receipt of an allowance of Rs. 10/- p m as Special Revenue Inspector, Food Branch, Deputy Commissioner's Office, Bangalore.

3. Mr. K Papanna, Clerk was in receipt of monthly allowance of Rs.13/- in addition to his pay in the City Municipal Office for attending to the Reading Room work attached to the Municipal Office.

4 Mr. Y Bhima Rao, Typist was getting in the shape of copying fees Rs 5 to 10/- a month in the Revenue Commissioner's office for copying of Judgements and orders passed in appeal cases.

3. Regarding your querry whether it may not be sufficient to continue the Engineering Establishment of the Drainage Division on a temporary basis for a further period of two years till the special work for which this Establishment was sanctioned is completed, and then the question of continuing it afterwards or placing it on a permanent basis considered, I may say personally, I agree with you in thinking that this Establishment may be treated as a temporary one for the present and continued for a further period of two years from 1st July 1946, when the period of previous sanction expired, the question of placing it on a permanent basis or otherwise being considered later But, since in your letter under advertance, the definite opinion of the Board on this question is asked for, it will be placed before the Board at its next meeting to be held on 4th February 47 and their opinion furnished in due course. On this account, sanction to the Proposition Statement now revised and sent in the light of the instructions contained in your letter under reference need not be delayed In the proposition statement now sent, the Engineering Establishment of the Drainage Division has been omitted and a separate statement will be sent in this behalf showing it as 'Temporary' after obtaining the views of the Board The original Proposition statement returned with your letter under reference is also retransmitted herewith

I request that early orders of Government

may kindly be obtained on the proposals contained in the above and communicated.

I have the honour to be,
Sir,

OFFICE NOTE

Subject Establishment for the Trust Board Office.

When the question of constituting the City Improvement Trust Board for Bangalore was still under consideration Government considered it necessary that pending the constitution of the Board, schemes to be entrusted to the Board in the first instance should be prepared and kept ready for being taken up by the Board on its formation. Accordingly they directed in their order No.L.651-6/M1 157-44-1 dated 25th July 1944 that Mr. Y. Ramaswami, B.A., C E., Retired Executive Engineer of the Public Works Department be re-employed as the Engineer Officer of the Trust Board for a period of two years on a pay of Rs 500/- with a conveyance allowance of Rs 100/- per mensem in addition to the pension he was entitled to under the Mysore Service Regulations.

2. Mr. Y. Ramaswami after assuming charge of the duties as Engineer Officer, Trust Board submitted to Government for sanction certain proposals for the establishment required for the Trust Board Office

3. Government however, observed that the establishment proposed was excessive and called for revised proposals having regard to the minimum requirements of the Board (vide their letter No.L.5955- dated 16th December 44). In the meantime, on the representation of the Engineer Officer, that some essential staff was urgently required Government asked the Chief Engineer for Irrigation to place the services of the following staff at the disposal of the Engineer Offiver (Vide Law Secretary's letters Nos.L.3135/M1 157-44-12 dated the 9th October 1944 and L.3180/M1 157-44-18 dated the 10th October 1944)

1 Assistant Engineer
2 Overseers
5 Sub Overseers
1 Tracer, and
1 Draftsman.

They also requested the Comptroller to spare the services of one First Grade Superintendent to help the Engineer Officer in accounts matters - vide Law Secretary's letter No.4655, dated the 11th November 1944, addressed to the Comptroller

4. With reference to observations of Government in their letter dated 16th December 1944, the Engineer Officer in his letter dated 3rd January 1945 stated that the magnitude of the works to be undertaken by the Board bore no comparison with that of the City Improvement Trust Board, Mysore and that in the circumstances the staff asked

for by him was the irreduceable minimum and might be sanctioned.

5. The matters were at this stage when I entered on my duties as Chairman. The Government referred the entire file un-officially to me for opinion. I agreed with the Engineer Officer that the staff proposed for the Engineering Section could not be further reduced. There was no need to have a senior Superintendent from the Comptroller's Office in addition to an Office Manager. I suggested that in their place I might be given an Office Assistant. I further informed Government that I could manage with a somewhat reduced staff for the Administrative Section. The Engineer Officer had not correctly estimated the strength of menial establishment required for this office and I had therefore to propose the appointment of a few more Peons.

6 As regards the Office Assistant and the staff of the Administrative Section, I considered that they should be capable and experienced officials, raw recruits would be of no use in organising a new office. I therefore requested Government that I should be given a free hand to select suitable officials from the Revenue Department in consultation with the Revenue Commissioner, and suggested that as an incentive to their agreeing to come to a new office, the Office Assistant should be given a Duty Allowance of Rs.50/- and the other officials a Deputation Allowance equal to 20% of their grade pay Government accepted these proposals, and all the officials have now joined duty except a Stenographer, two Accounts Clerks from the Comptroller's Office and one Storekeeper from the Chief Engineer's Establishment. These officials are expected to join duty here shortly.

7. Now that the Drainage Division is transferred to the Trust Board it is proposed to merge the Establishment of that Division with that of the Trust Board Office and the details of the combined establishment are given in the accompanying proposition statement which has to be submitted to Government for formal sanction after consideration by the Board. In the statement, the proposals of the Engineer Officer and the modifications suggested by me are shown side by side.

Subject - Continuance of the Drainage Section of the Bangalore City Improvement Trust Board

===

Adverting to your letter No 82/WAD 4 dated nil on the above subject, I have the honour to state that Government in their order No L 4090-7/M1 154-44-5 dated 24-11-45 have directed among other things that, the City Drainage works be transferred from the control of the Director of Public Health to that of the Bangalore City Improvement Trust Board Accordingly, the Drainage Division was amalgamated with the Trust Board from 1-2-1946

2 Subsequently, the entire establishment of the City Drainage Division has also been included in the proposition statement submitted to Government for sanction as per instructions conveyed in Revenue Secretary's D O Letter No 5338 dated 15-12-1945 Therefore, no separate sanction as to the continuance of the Drainage Division appears to be necessary With the sanction of the proposition statement now before Government, the continuance of the Drainage Section will have also been sanctioned

3 Under these circumstances, the pay of the Drainage Section may kindly be passed as usual pending formal sanction of Government for the proposed establishment for the Trust Board, which includes the establishment of the Drainage Division also
